LinkedIn | GitHub

Summary

Highly motivated Computer Science student with a strong foundation in software development and a keen interest in AI-powered solutions. Experienced in full-stack web development, digital image processing, and integrating AI APIs. Skilled in managing complete project lifecycles and passionate about building impactful technology products.

Education

RVR & JC College of Engineering, Guntur

B.Tech in Information Technology

Nov 2022 – Present

CGPA: 9.00

St.Ann's Junior College, Tadepalligudem

12th (MPC)

Jul 2020 – Apr 2022

Percentage: 96.5%

St.Ann's EM School, Tadepalligudem

10th (State Board)

Jun 2019 – Mar 2020

Percentage: 95%

Experience

Intelligent Automation Intern

April 2024 – June 2024

Eduskills (Remote)

- Worked on task automation using AI and RPA tools.
- Gained insight into workflow optimization and intelligent systems.

Cyber Security Intern

May 2024 – July 2024

SkillDzire (Remote)

- Learned ethical hacking, threat detection, and vulnerability assessment.
- Practiced real-world cyber attack and defense scenarios.

Projects

Chciha – AI-Powered Chat Assistant

Jun 2024 – Oct 2024

Technologies: HTML, CSS, JavaScript, Node.js, MongoDB, Gemini Flash API

- Developed a virtual assistant that responds intelligently using Gemini Flash API.
- Designed a responsive UI and handled efficient frontend-backend integration.
- Focused on real-time interaction, performance, and scalability.

Portfolio Website

Oct 2023 – Present

Technologies: HTML, CSS, JavaScript

- Built a personal website to showcase projects, skills, and academic history.
- Implemented clean UI/UX design, navigation, and mobile responsiveness.
- Included resume, contact form, and social links for professional branding.

Maze Solving Robot – IoT-Based Project

Jan 2024 – Mar 2024

Technologies/Tools: Arduino, IR Sensors, Motor Drivers

- Built an autonomous robot that solves mazes using IR sensors and left-hand line-following algorithm.
- Programmed Arduino for real-time path detection and decision-making at junctions and dead ends.

Skills

- **Programming Languages:** Java, Python, C
- **Web Development:** HTML, CSS, JavaScript, Node.js, MongoDB
- **Tools & Technologies:** Git, GitHub, Gemini Flash API, MySQL
- **Core Concepts:** Data Structures and Algorithms, DBMS, OOP
- **Strong analytical and problem-solving skills**
- **Excellent verbal and written communication skills**

Competitions

- **1st Place** – GNOME Coding Contest, RVR & JC College (Mar 2025) [Credential]
- **2nd Place** – Intra Departmental Coding Contest (Mar 2025) [Credential]
- **3rd Place** – Intra Departmental Coding Contest (Aug 2024) [Credential]

Certifications & Participation

- **Explore Machine Learning using Python** – Infosys Springboard [Credential]
- **Python for Data Science** – Infosys Springboard [Credential]
- **Software Testing** – NPTEL (Govt. of India) [Credential]
- **Entrepreneurship** – NPTEL (Govt. of India) [Credential]
- **Participation** – Mockup Event, RVR & JC College of Engineering [Credential]
- **AWS Academy Cloud Foundations** - Eduskills [Credential]

Extracurricular Activities

- Volunteer for Astra, organized by IEEE (Nov 2023)
- Member – IEEE Club, RVR & JC College
- Member – IEEE Computer Society
